RURAL FARM

Behind the Collection

Inspired by the beauty of country living and the simple pleasures of life on the farm, Rural Farm celebrates the landscapes, animals and traditions that make the countryside so special.

Exclusively painted for Langs, the artwork features characterful farm animals, a charming country cottage, cheerful sunflowers and two countryside favourites – the classic tractor and iconic Landy across a range of thoughtful gifts and home accessories, creating a collection full of warmth, character and timeless country appeal.

Why your customers will love it

- Fresh, colourful take on a bestselling rural theme
- Timeless country style with year round appeal
- Perfect for farm shops, garden centres and country gift retailers
- Coordinated collection across gifts and home décor products
- Designed to appeal across a wide demographic

“We know how much our farm collections are loved, so this year we wanted to give the range a fresh new feel without losing the countryside charm that makes it so popular. The result is a collection full of colour, character and timeless rural appeal that I have no doubt will be a favourite.”
